

# The Haunted House

Compose a graphic score for some music to go with a film called *The Haunted House*.

The music must include changes in volume.

It should last between 30 seconds and 1 minute

## Think about using these sounds

- A slow repetitive organ sound
- Door creaking
- Footsteps
- Sudden sounds that make the audience jump
- Heartbeat

Your graphic score should be in pencil and should be coloured in neatly, with each part in a different colour. Use a ruler for the straight lines.

Your score should be neat and it should be clear enough to give it to another group to play.

Perform it .....if you dare!
